

CNC CONTRACT MANUFACTURING
**FOR SINGLE PARTS
& SMALL SERIES**

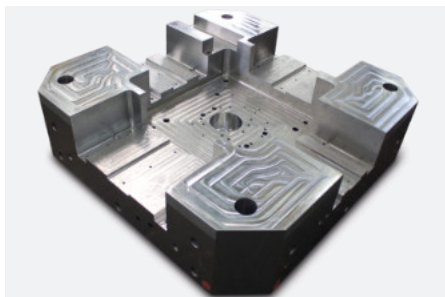

GERMAN QUALITY AT EASTERN EUROPEAN PRICES!

AT TOP CONDITIONS!

CNC CONTRACT MANUFACTURING

CNC subcontracting & contract manufacturing for metalworking. We perform all CNC machining.

EXPRESS ON REQUEST!

WE MACHINE SINGLE PARTS

We machine single parts as well as small and medium series. Request a free quote!

FOR OVER 55 YEARS!

WE MANUFACTURE SMALL SERIES

Series production for over 55 years. Prototype production or small series: we manufacture at low cost with the shortest delivery times.

CNC CONTRACT MANUFACTURING FOR SINGLE PARTS AND SMALL SERIES

The contract manufacturing of individual components such as plate and mold constructions for injection and die casting molds and milled parts is the specialty of the CNC team from Braşov. Using the most modern CNC machines, we manufacture high-quality components at very reasonable prices.

The CNC team members are professionals in the contract manufacturing of small series, single parts and prototypes. We also manufacture complex components of the highest quality according to your requirements. Honoring deadlines is just as important as honoring agreements and promises.

FROM YOUR INQUIRY TO THE FINISHED COMPONENT IN ONLY THREE STEPS

Scan the QR code with your smartphone.

1

Fill out the inquiry form on our website zetterer.ro. You will receive your offer quickly and reliably by mail.

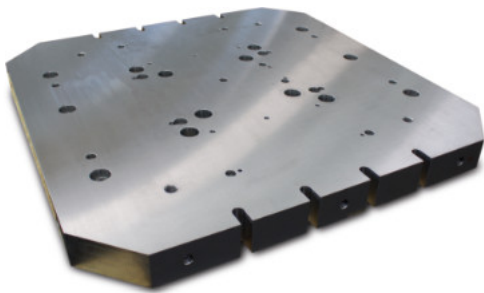

2

Once we have your order confirmation, we start production immediately. We stay in contact throughout the manufacturing phase.

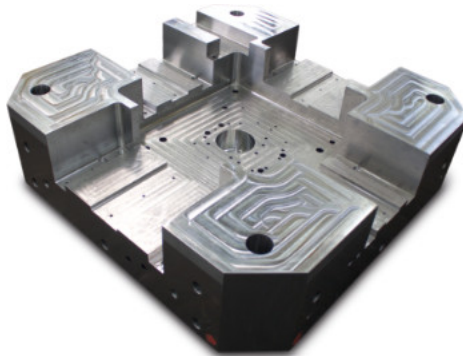

3

With the punctual delivery, we complete our project on time.
